25 September 1962

SUBJECT: ABM Working Group and NPIC Monthly Meetings

TO: Secretariat
Guided Missile and Astronautics Intelligence Committee

1. To insure that members of the ABM Working Group are continuously kept abreast of the latest developments on Soviet ABM facilities, it would be beneficial if a regularly scheduled monthly meeting could be arranged between members of this group and NPIC analysts.
2. To insure that the members of the Working Group receive the maximum information from these discussions, it is recommended that the meetings be kept at the analyst to analyst level and held at NPIC.
3. It is requested that your office make necessary arrangements with NPIC to establish a date and time for these meetings.
